

Case Study

Test Study

sapphire

VISIBILITY. TRANSPARENCY.
REVENUE INTEGRITY.

Working with:

Hospital Group

Analyzed just
550 adjudicated
workers comp
accounts

We uncovered:

25%

payer reimbursement paid incorrectly
impact of \$634K

80%

claims paid incorrectly **impact of \$900K**

57%

of outpatient claims had additional
balances due **impact of \$107K**

We've Got References!

“Sapphire’s goal was to enable staff to do everything from their desk and enable management to have visibility of their activity and to put their organization on an even playing field with payers to get their clients paid. I can say they accomplished that goal with my organization.”

Sapphire recovered

\$50M

provider
receivables from
payers in 5 yrs.
